COMMERCIAL INTELLIGENCE

TUESDAY EVENING, Nov. 13.

On the London Stock Exchange three per cent. Consols have improved to 101⅛. The other leading securities are unaltered.

In the General Produce markets Linseed is firm, and prices for Calcutta and Bombay to arrive *via* Canal have advanced 6d., per quarter. Rapeseed is also firm at a rise of 6d., per quarter in Calcutta Brown on the spot as well as to arrive. Wheat is firmer without any alteration in quotations.

The Goat Skin sales closed in London yesterday with a limited demand. The total number of skins sold is 870,000. Sheep Skin sales commenced with a slow demand at ½ to 1d., per lb., lower.

The Manchester market is quiet.

The Liverpool Cotton market yesterday closed quiet. Sales in favour of buyers: arrivals dull. Sales 10,000 bales, of which 1,000 bales Surats. No change in prices. Middling-Uplands on the spot in New York have fullen 1-16 cent.—say to 10 7-16 cents, and "futures" quoted for the month of February to 10·76 cents, a decline of 6 points. The figures to date are given below:—

	1883.	1882.	1881.
Total receipts up to Saturday ...	1,758,000	1,711,000	1,628,000
Two days' receipts ...	57,000	52,000	37,000
Total since 1st Sept ...	1,815,000	1,763,000	1,665,000

According to the last published report of the Washington Agricultural Bureau, "the prospects of the Cotton crops have undergone a slight improvement during the last month." Indeed, for some time past the magnitude of the receipts at the shipping Ports, have pointed to the probability of a crop far in excess of six millions of bales, which was the general estimate about four weeks ago.

Money.—The Bank of Bombay's return for the week ending on Saturday, the 10th instant, shows the following alterations:—

	Amount.	Increase.	Decrease.

The above statement shows a decided improvement in the trade demand for Money, the effect doubtless of capital being cheaper here than in Bengal. The loans and discounts are greater by 21¾ lakhs, and the cash balance, notwithstanding an increase of 9½ lakhs in the deposits, has fallen 15 lakhs. With a continuance of the demand for accommodation in Calcutta—which naturally reacts in Bombay—8½ lakhs of rupees is a moderate balance in the present state of matters.

Exchange opened at the closing rates on Saturday. There are sellers of Demand Bank bills for March at 1s. 7 19-32; Calcutta unchanged at 1s. 7¾d. for telegraphic transfer; and 1s. 8d. for six months' credits. Bar Silver steady at 50 13-16d. per oz.

Shares.—Some Colaba Land and Press shares have changed hands at Rs. 787½. In Press Companies sales are reported of Akbars at Rs. 1,125; Berars at Rs. 577½; Bombay Cottons at Rs. 1,110 and New Indians at Rs. 215. Mill shares continue firm, and rates in some cases have further advanced. Transactions have taken place in Dhurrumseys at Rs. 525; Empress at Rs. 880; Framjee Petits at Rs. 940; Hindustans at Rs. 1,065; Jewraz Baiboos at Rs. 1,182½; Mazagons at Rs. 255; Morarjees at Rs. 1,535; Nationals at Rs. 975; New Great Easterns at Rs. 1,080; Prince of Wales at Rs. 290; and Southern Indias at Rs. 530. Some business is reported in the G. I. Railway consolidated stock at Rs. 355 per £20 share, and in the B. B. and C. I. Railway new shares of £18 each at Rs. 325. A few Bombay Saw Mills shares were done at Rs. 495 each. It is reported that the Flour Mill belonging to Messrs. Bapty Brothers is about to be formed into a joint stock company with limited liability.

Cotton.—The demand here is of a restricted [illegible] shade easier. A parcel of [illegible]ced at Rs. 167 per candy. [illegible] Bengals on the spot are [illegible]ged hands at Rs. 149½ to

[illegible]spondent at Akola writes [illegible]nstant:—"Since we last [illegible]we have had three weeks [illegible]tars generally, but in the [illegible]nd the Nizam's territory [illegible] days at the beginning of [illegible]ot mend matters as far as [illegible]erned. Although in ap[illegible]rops improved with the [illegible] of the rains in October [illegible] themselves now felt. The fact is there is too much moisture in the ground for the fair ripening of the balls, and the consequence is, that the latter continued to open when half ripe, and to develop rust stains as well as partially to dry up. Fairly ripe balls are as yet in the minority. No doubt this will change with a continuance of fine weather, but those who are sanguine of an average crop will find themselves mistaken. The Cotton plant wants much sun with alternative rain to develop to advantage and no year with a heavy rainfall has so far brought us a full crop. In 1879-80 the general idea was also that we should have a full crop, but the real outturn was 8 annas. The conditions otherwise are as advantageous as they could be, the weather is clear and the atmosphere at a low temperature, but until the ground has become dryer, through subsoil drainage, we fear the balls will not ripen fairly. A few bojas of Cotton have appeared at Khangaum; the quality is as expected black-leaf mixed with short staple. At Oomrawuttee the few bojas brought to market are said to be Betatee, bought up at full price. It is a pity that such arrivals should be treated as samples, as they can only give erroneous ideas regarding the quality of the bulk of the crop."

DEFECTIVE OR FAILING SIGHT.

THE sense of sight is so valuable that the importance of perfect and carefully adjusted spectacles can scarcely be overrated; although the wearing of single eye-glasses should be strictly avoided, we have the highest medical authority, confirmed by daily experience, that imperfect glasses, together with the haphazard plan of selection generally employed, are frequent causes of irremediable injury to the sight; and as no present economy can compensate for such a loss, it behoves all to be cautious how they are tempted to use the common pebble or glass spectacles now so generally sold.

For the guidance of those who are using pebble spectacles, it may be stated that when the pebbles are cut *against* the grain, and not polished on the principle which has been universally declared the most appropriate, based on scientific research, they are injurious to the sight.

Undeviable as the unnecessary wearing of spectacles undoubtedly is, the common notion that their use should be postponed to the utmost is proved beyond dispute to be a grave mistake.

Being in possession of all the optical instruments taken over by us from Dr. A. Menist, we are not only in a position to suit the eye sight to perfection, but to supply different accommodations for each eye which so frequently are needed.

Pamphlet with self-suiting directions free on application.

THE VICEROY IN KASHMERE.

(FROM OUR OWN CORRESPONDENT.)

SRINUGGUR, Nov. 11.

The heir-apparent, Prince Pertabsingh, made a State visit to the Viceroy on Friday afternoon on behalf of the Maharajah. There were illuminations in the evening. Yesterday the Viceroy went shooting on the City Lake and dined in the evening with Colonel St. John. To-morrow a State banquet will be given at the Maharajah's palace. The Viceroy leaves on Tuesday afternoon at four o'clock by water for Baramula; there the he marches to Murree. The heir-apparent will accompany the Viceroy beyond the city bounds, and will then take leave. The Governor of Kashmere will accompany the Viceroy to Baramula. At Ponpur the Viceroy stopped two days for shooting. At first the party were not successful. The Governor of Kashmere then joined them, and they bagged musk-deer, markhor or wild goat, three bears and several wild pigs. One bear escaped severely wounded. A she-bear and two cubs were taken. One beater at Ponpur fell from a considerable height and was seriously injured. Three beaters were mauled by bears at Vernag and Achibal. They are all doing well.

Rain fell here on Friday night and continued for thirty hours. The weather has now cleared a little, but it is still very cold. Syed Abdulmalik, son of the Amir of Bokara, is here from Peshawur with a relation. He leaves after the Viceroy has gone.

SHRINUGGUR, Nov. 13.

The departure of the Viceroy has been postponed until Wednesday afternoon. A State banquet, given by the Maharajah, took place last night at the Palace. A guard of honour was in readiness at the landing stairs. The Crown Prince met the Viceroy, and conducted him to the reception room, where the guests were assembled. Twenty-six sat down to dinner, including five ladies. Lady Ripon was not present, having suffered slightly from the inclement of weather. Salutes were fired during the greater part of the dinner, but there were no speeches. The Viceroy proposed the health of the Queen-Empress, and shortly afterwards the health of the Maharajah of Kashmere. The dinner was sumptuous and very well served. Illuminations and fireworks followed.

The Viceroy was well received and was very affable, having something to say to each guest. The Viceroy yesterday went out shooting chikor, the Kashmere partridge, on the mountains round the *Dal*, or City Lake. His Excellency sprained his ankle in climbing the mountains. To-day he visits the city and the carpet factory.

Some fireworks in a barge accidentally exploded killing a boy on the spot, and seriously injuring his father.

It seems probable that the Viceroy's visit may have the effect of introducing free trade into Kashmere, thus conferring a lasting benefit on the people and also on the Maharajah.

A COMMISSON ON THE HOME CHARGES.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, Nov. 13.

The whole question of the Home Charges, in connection with which Major Conway Gordon has been on special duty for some time past, will shortly form the subject of inquiry for a special Commission, of which Major Gordon will be a member. It is also settled that Major Gordon will be posted to the newly created appointment called Director General of Stores. All indents on England from every department will pass through his hands. He will then decide whether articles can be supplied locally or not.

Among other alterations calculated to benefit exchange and reduce the amount of home remittances, one which will occupy the attention of the Commission is a proposal to make the amount payable to Government servants while on furlough payable by orders on the Indian Treasury, leaving the recipients to negotiate with the banks to get the orders discounted. Major Gordon's report, which is now being printed, is very exhaustive, filling fully 500 pages. It will be published in January.

The Commission will have the whole question of the home charges, including pensions, military and civil, before it.

Major Gordon is also in favour of sterling loans.

MOHURRUM DISTURBANCE AT CALCUTTA.

A disturbance which occurred here on Sunday between the police and processionists during Mohurrum festival, was not of a serious nature. Words have not yet transpired as to which party is in fault, but an inquiry will shortly be held.

Several men on both sides were wounded.

FATAL ACCIDENT ON A RIFLE RANGE.

(FROM OUR OWN CORRESPONDENT.)

CAMP, AHMEDABAD, Nov. 13.

An accident occurred here last evening at half-past five o'clock. The 23rd Native Infantry were proceeding with their annual musketry course, when a woman and child, who were working in a field behind the butts, were seriously wounded. At that time firing was going on from the 700 yards firing-point, and the distance from the butts to the spot where the woman and child were hit, was about 200 yards. The energetic Adjutant, Lieutenant Scallon, who happened to be at the range, afforded prompt assistance in getting the woman and child removed to hospital in a dhooly, and surgical aid was very soon rendered by Dr. Wilson. In the case of the child, a bullet had entered the lower part of the abdomen on the right side and had come out on the opposite side, making a large gaping wound through which the bowels protruded. This case was considered hopeless from the first, and terminated in death a few hours after. In the woman's case a bullet had entered under the left blade bone, and could be felt under the opposite collar bone, which was broken. She is still alive, but is lying in a precarious condition in the Civil Hospital. It is highly probable that the same bullet wounded both, hitting the boy first and then the woman. In spite of every care and precaution exercised by the regimental authorities, it is difficult to make the ignorant villagers comprehend the risks of going behind the butts into the fields among the crops, where they are out of sight.

THREE Calcutta Judges—Messrs. Cunningham, Field and Maclean—and one Bombay Judge—Mr. Scott—were among the arrivals by the mail steamer Pekin. Two members of the Bombay Town Council—Capt. Morland and Dr. Peter Peterson—were also on board. Likewise Mr. Phipson, late Secretary of the Bombay Club.

THE *Scotsman* announces that the University of Edinburgh has conferred on Professor Peterson the degree of Doctor of Science in Philology.

SIX officers of the Salvation Army came out by the mail steamer which arrived last night.

HIS EXCELLENCY THE COMMANDER-IN-CHIEF is expected to arrive from Mallegaum by the mail train at 9-15 a. m. to-day, His Excellency is pleased to dispense with the attendance of the heads of departments and the guard of honor. A salute of seventeen guns will be fired from the Saluting Battery to announce the arrival of His Excellency.

THERE appears to have been an unaccountable amount of difficulty about settling the precise form of the official programme for the landing of T. R. H. the Duke and Duchess of Connaught at the Dockyard. We noticed the other day a *Government Gazette Extraordinary* which had been issued to correct a mistake in the order in which the Admiral Commanding the East India Station was mentioned in the list of high officials who will assemble at the Dockyard to receive the Royal pair; and on Monday evening yet another *Gazette Extraordinary* was published, including in the list His Excellency the Commander-in-Chief and the Chief Justice of Bombay, who had been omitted. This paragraph of the notification, which we may hope has been at last finally settled, now reads as follows :—

Their Royal Highnesses will be received at the Dockyard by His Excellency the Commander-in-Chief, His Excellency the Commander-in-Chief of Her Majesty's Naval Forces in India, the Chief Justice of Bombay, the Members of Council, the Judges of Her Majesty's High Court, the Additional Members of the Council of His Excellency the Governor for making Laws and Regulations, the Brigade-General Commanding the Bombay District, the Chairman of the Municipal Corporation, the Municipal Commissioner, and all Heads of Departments, or such of the above high Officers as are now at the Presidency.

THE following has been sent us anonymously from Hyderabad (Sind) :—"Great disquiet reigns at Hyderabad (Sind) owing to the extraordinary and wild behaviour of the Sepahis of the 3rd Belooch Regiment. No one will listen to the complaints of the community. The state of things is deplorable and unbearable, and as neither the District Magistrate nor the officer commanding the station and the regiment will listen to or assist the people, the pleaders and heads of the community have represented in writing and by wire the state of things to the Commissioner in Sind and H. E. the Governor of Bombay."

HIS Honor the Lieutenant-Governor of Bengal and staff arrived at the Sealdah terminus, Calcutta, by special train at 10-30 this morning. The Eastern Bengal Railway Volunteers furnished a guard of honour at the railway station, where a considerable gathering of European and native gentlemen were present to receive His Honor on arrival.

SOME further changes are about to take place in the chief posts of the Financial Department owing to the fact that Mr. D. M. Barbour takes privilege leave from the 22nd instant. Mr. J. Westland, the Comptroller-General, then acts as Financial Secretary, Mr. Atkinson officiates for Mr. Westland, and Mr. F. J. Sinkinson for Mr. Atkinson as Accountant-General of Bengal. Mr. C. Tupp, who has been officiating for some time past in Bengal, and who in the ordinary course of taings would have remained at Calcutta, has been transferred at his own request to his substantive appointment of Accountant-General for the North-West.

THE Lahore paper states that some information regarding recent events in Shignan is given in a Cabul news-letter. In the fighting between Mir Yusuf Ali's troops and the Amir's forces—the latter probably were the Governor of Badakshan's men—both sides are said to have lost heavily. Mir Yusuf Ali was at last captured and sent prisoner to Cabul along with 130 of his relations, including 50 women. The women of Shignan are said, by the bye, to be very handsome, and are much sought after by the Chiefs in those parts of Central Asia. The statement that the Amir lost 200 men killed, and Mir Yusuf, 1,000, is probably apocryphal.

THE *East*, the organ of the Eurasian and Anglo-Indian Association of Madras, takes a serious view of some of Mr. Atkins' utterances :—

What we wish to impress on our community is that any acts of theirs, whether they consist of passing resolutions in favour of Mr. Atkins or of sending money to him, are acts that may be construed as treason against the Government of the country. We trust the people we belong to will be warned in time and that they will not allow Mr. Atkins to compass their ruin. Mr. Atkins is over the water and safe. Those who may become his victims are here. If Mr. Atkins is hungering for a fight, let him fight himself and reap all the glory; but let Eurasians and Anglo-Indians do nothing which will take them to prison and even lead them into the hangman's hands. Rebellion is what England will never tolerate.

A MADRAS paper hears that the India Office has consented that the offer of six proportionate pensions shall be made to the members of the Madras Civil Service who entered the service in 1863. There are twenty-three Civilians in the list for that year, and it is understood that Mr. Spedding, who has been absent from India on medical certificate since 1880, will take the opportunity now given of retiring.

A RANGOON correspondent writes to an up country paper :—"An attempt to make the Local Government here act as bill collectors for certain hotel-keepers in Penang has not resulted satisfactorily for the Government or the hotel-keepers. A man connected with a minstrel troupe which came here from the Straits, and is now, I believe, performing in Calcutta, were arrested under the Extradition Act for 'cheating' in Penang. One was discharged by the Magistrate and proceeded to Calcutta, where he was re-arrested, sent down here under police escort, and again discharged. The other was sent to Penang under escort and has been discharged or acquitted there. Considerable public expense must have been incurred in passage-money, let alone the inconvenience and annoyance to the accused persons, who seem to have been innocent of any criminal offence. The cost of compensating them has yet to be paid, and I am told that as they are American citizens their Consul is interesting himself in getting the Government to do something to atone for their extraordinary action in the matter."

THE editor of the *Indian Mirror* has become a Russophobe. In the course of some remarks regarding the Calcutta Exhibition he says :—"We may safely hazard the guess that, notwithstanding the superhuman sagacity, vigilance, and alertness of the local police, Russian spies under various disguises are already swarming over Calcutta to take note of passing events during the stirring season of the Exhibition."

IN Major Pitcher's Report on the Cawnpore Experimental Farm, mention is made of a severe hailstorm which in March last passed over the city of Cawnpore, leaving the farm comparatively untouched. Judging from the size of the hailstones, Major Pitcher is of opinion that if the farm had lain in the track of the storm there would have been but small occasion for any report this year of the Farm produce. Major Pitcher states that, in France, where the subject is now receiving considerable attention, scientific men are of opinion that by intercepting the electricity of a passing cloud and conducting it to the earth the hail will fall innocuous as rain. Factory chimneys, as is seen in the case of Manchester, have an effect in this way in increasing the rainfall. Major Pitcher is in great hopes that the increasing number of factory shafts at Cawnpore may in this way benefit his farm. In fact he states that the increased quantity of rain that has this year fallen in the city, as compared with what has fallen on the farm three miles away, is very marked.

THE Government of India has sanctioned proposals of the Punjab Government for the despatch of an exploring expedition up the Gomul Pass as far as the junction of the Zhob or Yob stream with the Gomul river, the Lahore paper says. Major Holdrech, R. E., will superintend the survey operations, and the party will start after his return from Takht-i-Suleiman. The local officers are confident that the expedition can be conducted in safety, relying entirely on tribal protection. In 1878, when, owing to the Afghan War, the whole frontier was more or less disturbed, Major Macaulay, the Deputy Commissioner of Dera Ismail Khan, visited the pass unmolested. It is now proposed to enter the pass at a time when it will be crowded with friendly tribes, on their annual migration to the plains of India. A jirgha of the Masud Waziris, through whose lands the Gomul Pass runs, lately visited Mr. Thorburn, the Deputy Commissioner, and promised to render every assistance if, in consideration of the service performed, the Government would promise to transfer the five Waziri headmen—who surrendered in 1881 and are now detained in Lahore—to Dera Ismail as political *detenus*. The Lieutenant-Governor of the Punjab has promised to concede this as regards four of the Maliks, though Mashak, the fifth, will have to be kept in Lahore a little while longer. Sir Charles Aitchison also thinks that if the expedition is safely carried out it may be possible to relax the penal measures at present in force against the tribe.

THERE appears to be a good deal of scepticism abroad in regard to the public, as opposed to the private, character of the Calcutta Exhibition. The writer of the article under the heading of "The Week" in the *Englishman's Saturday Evening Journal* says :—"It amuses me to see the public just apparently waking up to the fact that it is purely a private speculation and by no means on the same line as the original idea of International Exhibitions. Without M. Joubert's energy and experience as an exhibition showman, I have no doubt that we should not have had an exhibition in Calcutta for some years to come on so grand a scale; but I do not see that that is any reason why the Exhibition should be called by a wrong title, so as to give the public an idea that it is purely a Government affair. It ought to be called 'Joubert's International Exhibition, under the patronage of the Indian Government." The *Pioneer*, alluding to the incident of the deputation from the Calcutta Trades Association waiting upon Colonel Trevor the other day, says :—"Mr. Joubert's speculative instincts must be kept within bounds, or the so-called 'International Exhibition' in Calcutta will end in a fiasco."

THE *Penang Gazette* regrets "that so little has been done by the inhabitants of Penang in the shape of forwarding products for exhibition at the forthcoming Great World Show in Calcutta. Beyond Tapioca, Coir, Pepper, Cloves, and Cigars (Sumatra Tobacco) nothing has been sent in. Samples of the above have already gone forward with Mr. Swettenham, the Resident of Selangore, who has gone up as the representative of the Straits Settlements and Malay States."

LETTERS, dated the 5th October, received from H.M.S. Canada at Montreal, state that on the arrival of the ship at that port hundreds of people crowded the wharves in order to catch a sight of Prince George of Wales, and as the Prince was doing duty on the forecastle at the time their wish was fully gratified. On the same evening the Prince and Captain Durrant left by train for Niagara Falls, where they were joined by Princess Louise and Lord Lorne. They returned to the ship on the 4th, and on the following evening Prince George and the officers of the Canada were present at a grand ball given in their honour by the inhabitants of Montreal. The hospitality of the people of the city was unbounded. Both officers and crew during their stay received invitations to all the principal places of interest and public amusement, and the men of the ship had free use of the city tramcars. The Canada on visiting-days was crowded with visitors, who numbered from four to five thousand daily.

INTELLIGENCE received at Beyrout on Oct. 17 from Damascus states that great alarm has been caused among the Turkish officials there, owing to the posting of placards on the principal walls of the city resenting the Turkish yoke and the actions of Hamdi Pasha, the Governor-General; and inciting the Arab Moslems to resist the injustice of the Turks who are sent from Constantinople to fill the most important positions in the country. These placards are supposed to have been traced to the richest and most influential family, that of Kouatly, all the male members of which have been arrested and their papers seized. Their trial is being conducted in the most secret manner and they are not allowed to communicate with their friends. It is expected that the head of the family will be exiled; but apprehensions are entertained as to the consequences, owing to the excited state of the Arab Moslem population.

THE Berlin correspondent of the *Daily News* says that, considering the Draconic measures taken by the German Government against the importation of American pork, it is very strange that a most alarming outbreak of trichinosis is reported from Saxony. In some ten villages nearly four hundred persons, including entire families, are prostrated by the terrible disease. Deaths are occurring daily, and over fifty cases are stated to be beyond hope, while the physicians expect still further spreading. The police are actively engaged in searching for the origin of the epidemic.

THE Vienna correspondent of the *Standard*, telegraphing on Oct. 16, says :—"According to information coming to me from a trustworthy source, the Shah has offered his good offices to induce the Turkomans to accept a Russian protectorate. The proposal is that the Turkomans shall be ruled by their freely-elected Khan; but that in case of war and in return for the protection of Russia they shall take the field in support of the Czar, who undertakes to supply them with guns, rifles, ammunition, and a certain quantity of corn."

MURDER OF A SOLDIER.—We regret to hear that a soldier of the Dorsetshire Regiment was shot dead by a comrade on Thursday last at Delhi. The two men were occupying the same tent in the musketry camp, and the murderer would seem to have approached the other stealthily, discharging his rifle at a few inches' distance of his unconscious companion's head.—*Pioneer*.

PROSPECTUS.

THIS Company is started for the purpose of meeting the increasing demand for shop accommodation so generally felt in the Native Town in Bombay. In view of the large commerce and great commercial prosperity of Bombay such a Market as is proposed to be erected by this Company is a necessity, considering the extremely limited accommodation afforded by the existing Cloth and other Markets and the high rents obtaining.
It is expected that the present demand for the accommodation of the character which the Company proposes to supply will be such that all the available space will be readily taken up. To take a recent instance, it may be pointed out that, when the Lakhmidas Khimji Kapad Bazaar was lately opened, there were above 300 more applications for shops than could be accepted, and the competition between merchants desiring to secure a place of business in a convenient centre is so great that it is well known that the tenants in Mooljee Jetha's Market, when unwilling or unable to continue their business, make large profits by subletting shops occupied by them. These profits are sometimes as large as Rupees 800 per annum for a single shop, and in some cases the original tenant in consideration of sub-letting his shop stipulates for a fourth or larger share in the gains without being responsible for the losses made by the sub-tenant, and without bringing any capital into the business or taking an active part therein.
The advantages of the proposed situation of the Company's shops will, it is believed, ensure a like demand for them. Shaik Memon-street and the adjoining locality are the great centres of most of the native business done in Bombay. The Company's buildings will be situate under its regulations only in the Bhooleshwar and Mandvee Wards, and it is principally intended that such buildings should be erected in the first instance in Shaik Memon-street, and that the accommodation shall be suited for cloth merchants, and if deemed advisable for various other classes of dealers in gold, silver, Jewellery, Cashmere shawls and Benares cloth, &c.
It is also proposed to provide, in the upper portion of the Market, shops for native shroffs and bankers. Altogether it is proposed to erect the buildings in such a manner as to provide convenient accommodation at a fair rent for from 400 to 600 shops. Every care will be taken to have the Market constructed on the most approved principles in point of safety, convenience, and sanitation.
Messrs.
